

Annee Kelly

Annee is passionate about her art and although she has painted in oils, gouache, pastels and acrylics, her favourite medium remains watercolours. She has studied watercolour techniques under Gunther Kallbitzer, Ron Muller and the late Rick Rowton as well as attending numerous demonstrations and workshops conducted by leading watercolourists, thus refining her skills.

Her works were soon exhibited in renowned galleries across Victoria and her sought out paintings are now found in corporate and private collections both within Australia and overseas. A graduate in Arts from Monash University and a qualified Secondary teacher, Annee has been teaching watercolour since 1992, in addition to conducting demonstrations and workshops in various Art Groups and Societies throughout Victoria.

Annee travels extensively, both within Australia and across Europe, painting on location, drawing her inspiration from the different localities. She has partaken in numerous joint exhibitions since 1986, including a number of exhibitions overseas
